

## Tight Rope

I can see your act  
Trying to balance  
Independence  
Family  
Us  
You are teetering on a tight rope

I wish you could see  
"Us" doesn't need to be on there  
You can be independent  
And lean on me  
You can spend time with your family  
And still see me

Let "US" be the safety net  
Since you wont let me join you  
On your ledge  
Let me be there to catch you if you fall  
Let the rope become a solid floor  
And let me stand beside you
